LA GRAPPE DE MONTPELLIER ULTRA-PREMIUM GIN

LA GRAPPE DE MONTPELLIER

Depuis 1923

Gin of grape marc and mediterranean plants – 40°

ORIGIN

An alcohol from grape marc coming from a selection of regions and grape varieties in Languedoc-Roussillon. The distillates of juniper berries and of Mediterranean plants.

DISTILLATION

Five successive columns enable the spirit to be extracted from the grape marc, then concentrated and rectified so as to remove any trace of methanol. The last refining column, entirely made from copper, enables the aromas of the grape marc to come through. Juniper berries and a bouquet of plants from our Mediterranean garrigues are distilled in a traditional way to give a unique identity to this gin: lemon zest, bitter almond, coriander, lavender, grape ...

TASTING

An ultra-premium crystalline product, obtained from a superfine alcohol that doesn't burn in the mouth, this gin subtly and elegantly reveals a whole universe of Mediterranean scents. A walk through the heart of the garrigue.
